BANK EXAMINER COVER AT WORK AUDITING BOOKS

The state bank examiner James M. Cover, who took charge of the Coal Centre bank when the doors were closed a few weeks is working on the books there making a thorough audit in preparation for the receiver W. E. Crow, of Uniontown who will begin his work next week. It will be probably six months before matters are in readiness for the giving out of funds to the depositors.

Mr. Cover has been working ever since the doors were closed on the books and it will take sometime yet to entirely onish the auditing of them.

It is a tedious work and requires very close attention. Next week when Mr. Crow appears he will begin work on the papers held by the bank and learn the value of the assets. This as well as the auditing of the books will take time.

While every depositor, it is stated, will get the full amount due them, the stockholders will be held for 60 per cent. It is possible to hold them for 100 per cent, but in this case it will not be necessary, as things are in fairly good shape.

Th capital stock of the Coal Center bank was $50,000 and there were abut 60 stockholders.

CASE GOES INTO THE JURY'S HANDS

In the case of the Commonwealth vs. Charles Paroni and Andy Karousi, heard before Judge McIlvaine, at Washington yesterday, the defendants were charged with felonious assault and battery. The trial lasted practically all of yesterday as a large number of witnesses were called. Assistant District Attorney T. H. W. Fergus conducted the case for the commonwealth and the defendants were represented by J. T. Bell and A. M. Templeton respectively. The prosecution grew out of a Hallowe'en celebration last October in which Dudley Wilson, a well known young man of Burgettstown, was shot and seriously wounded.

Paroni was alleged to have done the shooting and Karousi alleged to have started the trouble. Attorney Templeton, for Karousi, made a motion for a severance of the cases but this motion was overruled by Judge McIlvaine, who, in his charge to the jury, instructed them to bring a verdict of not guilty for the man. Dudley Wilson was the most important witness for the commonwealth.

NEWS FROM SPEERS

Speers, Pa., Feb. 9.—A bunch of Pricedale sports took to the woods Saturday, leading two thoroughbred bull dogs, with which they intended to "have a little pastime." A colored woman, who got wise to the game, notified the state police, and two of those officers galloped on to the scene capturing four of the enthusiastic sports. The fines amounted to forty-eight dollars.

The electric engine used in hoisting coal at Somers No. 4 mine of the Pittsburg Coal company, let go Monday morning and considerable damage was done. New machinery was ordered by wire, and by working a large force of men Monday and Monday night the mine was ready to run Tuesday morning.

Born—To Mr. and Mrs. Harry Shelton, of Speers, Sunday morning, a girl.

The Speers M. E. church will give an entertainment Friday evening.

J. O. Watson, of Loca No. 4, was a visitor here yesterday.

Zundell Coal company's new mine on the Speers run branch of the P. and L. E. R. R. began the shipment of coal yesterday.

NARROW ESCAPE FROM DEATH

Scenery Hill, Feb. 10.—Ten-year-old Florence Seibert, daughter of Mr. and Mrs. Isaac Seibert, was saved from probably fatal burns last night when her father wrapping a rug about the little girl smothered the flames that were speedily enveloping her.

She was badly burned on the back but it is believed the injuries will not prove serious.

About 9 o'clock Florence went up stairs to retire. While she stood before an open grate her night robe caught fire. She ran screaming in terror down the stairs and into the room where her parents were seated. With unusual presence of mind Mr. Seibert threw a rug about his daughter smothering the flames almost instantly.

Dr. E. E. French gave the necessary attention.

BILLS OF INTEREST TO LOCAL PEOPLE

Bills introduced in the Senate at Harrisburg yesterday that are of interest to local people are the following:

Murphy, Philadelphia—Limiting 55 hours per week and 10 hours per day the time which any minors under 16 or any women may be employed in any factory, and prohibiting minors working at night.

Hulins, Venango—Amending the act of May 31, 1907, relating to acquisition of water works by municipalities, by limiting the liability of a municipality on bonds issued for such water systems and making such bonds payable in 30 years.

McNichol, Philadelphia—Imposing a fine of from $100 to $1,000 upon any officer or employe of any electric or other street car company to suffer any motorman, conductor, driver or similar employe to work regularly for more than 10 hours out of each 24, and that such 10-hour labor shall be performed within 13 consecutive hours, and that necessary works over 10 hours shall be paid for at double rates.

UNDERTAKERS TO MEET AT DONORA FEB. 11

The Tri-County Funeral Directors Association will hold its regular meeting at Donora on Thursday, February 11. The association members will be the guests of Messrs. Kelly and Rabe, of Donora, who are members. The undertakers held a session in Monongahela during the Home Week celebration.

SORENESS MANIFEST IN OTHER TOWNS

The towns that are thinking of being in the Monongahela Valley league are seemingly rather angry at the prospect of Charleroi not being represented. It seems that the entire success of the league depends on whether or not Charleroi takes an interest, and from present indications there will be no Monongahela Valley league team here the coming season. The backers of the league realize the fact that Charleroi is the best baseball town in the valley above Pittsburg, and will support a winning or losing team, and it is practically for this that it desired to have them in the league.

A little of the soreness cropped out in the Monessen Independent yesterday. It says that while the baseball men of that town have nothing against Charleroi, the idea of the committee which is to canvass that town will meet with little encouragement, as the fans will support a team should one be placed in the Valley league. It also goes on to state that Monessen led the parade two years ago when the Valley organization gave up the ghost. That is certainly wrong, and careful scrutiny would show that California was the leader. At the time that Charleroi left the league, the local place was ahead with 770 points California next with 645, Monongahela third with 647 and Monessen fourth with 615. The fact of Charleroi going out of the league was the reason for the league breaking up.

THE IDEA OF TRIP IS MEETING WITH APPROVAL

The idea of the members of the Boy's Brigade to go to Washington, D. C., has thus far met with ready approval among citizens of this and other towns. The general idea is that the trip would be one that is well worth the while, and something that would be very beneficial to the boys. This morning Captain Dale Jolliffe received a letter from J. N. Moore of Millsboro, accompanied by a check for $5.00, the effect of the boy's being praised. This subscription came unsolicited, and was merely from the advertising giving the project by Mail. The letter was as follows:

Millsboro, Pa., Feb. 9, 1909.

My Dear Jolliffe:

I was a looker-on at the brigade opening at Donora and saw your bunch of bright faced intelligent looking boys and have learned that they are desirous of attending the inauguration ceremonies of our president-elect Taft. Take the boys over, it will do them good and be the trip of their lives, and as my pro rata share on expense account please find check enclosed for $5.00.

Hoping you and all the boy's have a fine trip.

I am truly yours.

J. N. Moore.

OPPOSITION TO THE NEW SCHOOL CODE

Yesterday prominent educators from all parts of the State appeared at a hearing before the Education Committee of the Senate and House at Harrisburg. Objections were offered to the proposed new school code, but none of the objections were of a general character. The opposition of the code comes from such cities as Scranton and Williamsport where there are now between fifty and seventy directors, whereas by the new code there would be but nine. The school authorities of those places think it an injustice to deprive them of the number of directors. The idea is to hold up the passage of the code for two years, and thus gain more strength.

At Coyle Tonight.

The High Flyers are billed to appear at the Coyle theatre tonight The show is said to be the "real thing." It contains a number of first rate vaudeville acts, and two burlesques entitled "Levy Among the Daises" and "The Wild West," in which is introduced besides the principals, a large and cleverly drilled chorus, who are marvels of beauty, with bewitching, gay bodies and delightful mannerisms, just the kind of girls that theatre-going public enjoy.

MEDICAL MEN URGE ACTION OF LAWMAKERS

Gathering in a regular monthly meeting yesterday afternoon at Washington the members of the Washington county Medical society unanimously passsed an important resolution. It was a request to the lawmakers of Pennsylvania and of the United States representing this portion of the Keystone state to give due consideration and deliberation to the various masures being formulated bearing upon the work of medical scientists and the advancement of the healing art. The resolution went through without a single dissenting vote.

Routine work was gone through and addresses to the physicians made by several members of the society.

Following is the resolution adopted:

"Whereas, Much legislation is pending at the present session of the legislature of our state that in our opinion is of vital importance to the health and welfare of the whole people;

"Therefore, be it resolved, That we the physicians of Washington county, represented by the Washington County Medical society consisting of one hundred and twenty-two members, do hereby respectfully request that the members of the senate and house, and the members of congress and United States senators representing us, do earnestlystudy all measures introduced that in anyway affect the health and sanitation of the commonwealth.

"That we especially desire our members of the house and senate, to vote for and aid in the passage of the medical practice act, as presented in the senate by Senator Herbst.

"And that all bills offered that may interfere with the efficiency of the present vaccination laws, and such measures as propose to obstruct and stop the work of medical scientists, who have done so much to protect the lives and health of the general public, we earnestly request their vote and aid in preventing."

At the Coyle Friday.

"Graustark," dramatized from the novel of the same title the book that made George Barr McCutcheon famous as an author will be the attraction at the Coyle theatre, Feb. 12.

The play retains all the heart interest and thrilling incidents of the charming story, and faithfully depicts the romantic adventure of a fearless American and a Princess of royal blood. It is in five acts and bristles with dramatic sensations, with a fine vein of humor interwoven in its marvelous plot, and is vividly mounted with elaborate scenic effects and picturesque costumes.

"Graustark" leaves one with the fragrance of roses and an abiding memory of all that is beautiful. Gertrude Perry is happily cast as "Princess Yetive," and Mr. Alfred Britton interprets the role of "Greenfall Lorry" in a manner that recalls the heroic American to those who have read the book. The part of "Baron Dangloss" is in the hands of Edwin Melin, and of him the author said recently of "That man has stepped out of my book bag and baggage, he has grasped my conception of the Baron."

H. O. Taylor as "Harry Anguish" furnishes an abundance of refined comedy. W. A. Howell as "Prince Gabriel." Gladys Thorp as "Countess Dagmar" Jane Lothian as "Aunt Yvonne," and the others in whose hands various important characters are entrusted all do their share in giving threatre-goers a performance of romantic drama that send a thrill of joy to one's heart.

Baker

At her home in California last night at 11:20 o'clock, Mrs. Mary J. Baker, a well known aged lady died of a complication of diseases. She was in her 84th year. The funeral will be held on Friday morning at 10 o'clock from her home. The interment will be in the Highland cemetery at California. The deceased is survived by one daughter, Mrs. Gregg Wiley of California

Mrs. Baker was one of the best known residents of this section. For the past seventy years she has been a member of the M. E. church at California.

HOT CONTEST PROMISED FOR OFFICE OF BURGESS

The candidates for political offices in Charleroi are getting well lined up, and the contests between the various office seekers on all tickets from present indications will be most spirited. The Republican and Democratic tickets are by far the strongest, while on the Independent ticket is a strong man for the office of Burgess.

Those out for Burgess are Robert J. Whitehead, Republican; George W. Risbeck, Democrat; George Newton, Independent. It would be hard to make a prediction as to the probable winner from the above list, as all are immenselystrongmen, and the race will be one of the hottest contests that Charleroi has ever witnessed.

The tax collectorship will be the scene of a good contest. On the Republican ticket is J. W. Mathias, and on the Democratic is Allen S. Mansfield, both good men for the position.

For council W. H. Calvert and Oscar Lynn are the Republican candidates and D. C. Whitlatch and William Richey on the Democratic.

The above are the offices where there will be the most spirited contests. The election is on February 16.

SUPERINTENDENT BANQUETS FIREMEN

Last night at the Hotel Arthur, Charleroi, William Dravo, of Belle Vernon, the superintendent of the American Window Glass factory at that place gave a banquet to the firemen for their faithful service about a week ago, when they saved the factory from destruction by their diligent efforts. The banquet was well attended and the firemen felt themselves to be greatly honored by the affair.

About a week ago a tank at the plant bursted and the molten ware flew over combustible material, and there was grave danger of the whole place being destroyed. The firemen were called responding quickly and doing such good work that the fire was quenched so that there was little damage. The banquet last night was in recognizance of their efforts.

BOTH LEGS OFF MAN FOUND BY TRACKS AFTER TEN HOURS

Ike Snitko a foreigner employed with the section crew at Monongahela on the Pennsylvania Railroad, was found along the railroad tracks, near Baird this morning with both legs off below the knee, the man having been there since about 8 o'clock last night, and being conscious. The man was taken to the Memorial hospital at Monongahela and the latest news are to the effect that the man will live.

It seems that the man had been walking along the tracks last night and stepped from in front of one train, into the path of another being struck and both legs severed. The remarkable part of the account of the accident is the fact that the man laid there all night living through all the storm and cold, but yet will live.

Florist has Purchased New Wagon.

Joseph Haube the Fallowfield avenue florist has purchased a beautiful new wagon to be used in the delivery work in connection with his store. Mr. Haube is always enterprising and alive to the best interests of his customers. The wagon resembles those of Joseph Horne of Pittsburg, being black and trimmed in gold.

MUCH INTEREST IN ASSAULT CASE

Two cases were finished up and a third started in criminal court yesterday. The jury in one case returned their verdict but court had adjourned when the other had arrived at a decision. The case which was finished up and in which the jury returned their verdict was the commonwealth vs. S. S. Bell. Much interest was manifested in the case. Bell was found guilty of assault and battery upon the person of Margaret Hunter, daughter of L. H. Hunter, a well known citizen of Claysville. The jury which was only out about 15 minutes, commended the defendant to the extreme mercy of the court.

An attempt was made to make a motion for a new trial by Attorney Underwood but Judge Taylor informed the defense that he would not entertain any motion for a new trial so the motion was not made. Bell, who is an old man, was put upon the stand and admitted voluntarily that he was in their room at the time that the alleged assault took place but he declared that it was not an assault.

It was alleged that the suit was brought as a means to extort money from him. He was sentenced to pay a fine of $100 and costs of prosecution.

LOCAL MAN HONOR GUEST AT RECEPTION

Last night at Scottdale the Elks of that place gave a reception in honor of J. K. Tener, of Charleroi, the Past Grand Exalted Ruler. The occasion was one of the most noted in the history of the Scottdale lodge No. 777. The social session at which Mr. Tener was the honor guest was held following the regular meeting of the lodge. The toastmaster for the banquet was Wooda N. Carr of Uniontown.

There were several in Mr. Tener's party, among them being Perry A. Shaner of Pittsburg, who was the secretary to Mr. Tener during his term as exalted ruler.

Masquerade Reception.

The tribe of Benn Hur will hold a masquerade reception on Feb. 18. Refreshments will be furnished. Admission masked 10 cents, not masked 15 cents.

Fair Being Held.

This week there is being held a fair at the Italian Catholic church. There is nice music, and nice things to be seen there. All is free. Father La Pomo is the pastor.

All cars stop at the big Sacrifice Sale of the Jones Shoe Store, Donner avenue, Monessen. 154tf

Legislatures Fighting Tuberculosis.

Only [illegible] States in the United States, including the District of Columbia, have laws directly compelling the reporting and registration of tuberculosis and of these, but two and the District of Columbia, make very much of an effort to enforce the law. Only eight States have laws forbidding spitting in public places, and in none of these States is the law strictly enforced. Realizing the dangers form promiscuous spitting, and inability to locate tuberculosis cases without a registration law, bills are being introduced in over a dozen different Legislatures to remedy these effects.

According to a report issued by the National Association for the Study and Prevention of Tuberculosis, the reporting of tuberculosis cases is one of the first requisites in the stamping out of the disease. Until the health authorities know where those afflicted with tuberculosis reside they are powerless to remove the dangers caused by these infected persons. It is now established that tuberculosis must be classed with smallpox, diphtheria, scarlet fever, or any other infectious disease. This being the case, the report declares it is just as necessary for the public health that it be registered.

Delay of Construction

The holding back of the work on the West Newton terminus of the Pittsburg, McKeesport and Westmoreland trolley line may have more significance than at first thought. It is possible that it will mean the holding up of the construction of the entire line from West Newton to the river at Webster, and thence across the Donora Webster bridge to connect with the Pittsburg-Charleroi Railway at Eldora. It seems that the real reason for the holding back of the construction of this one sole link, is that the ordinance granting the franchise by the West Newton borough was not well enough advertised.

Electric Sparks

You don't see the newspapers discussing the bill of Representative Holland's for female suffrage nowadays. Probably the editors is afraid they may say something to get the woman after them.

President Roosevelt evidently looks at the Japanese-California citizen question as if all were human beings, and the latter as if everybody except the Japs are.

Say, a man can pretty near afford to be happy, when after coming to the conclusion that he has lost a month's earnings to wake up and find a letter by his bedside telling him where his wealth is, can't he.

Just imagine the polls with a lot of women in them—and "picture hats." Oh, piffle.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

SCHOOL NOTES

Tidbits of News from the Seat of Learning in Charleroi --Edited by Superintendent of Schools, W. D. Wright.

The fifth month ended on February 3 with a total enrollment of 1850 children, a monthly enrollment of 1720, and an averge for the term of 1560. 11 cases of corporal punishment were reported. 64 visits by patrons, 170 by the principals, and 52 by the superintendent.

The celebration of Lincoln's birthday promises to be an event of unusual interest. The children are working hard to excell in this attempt to honor one of our greatest men. Every patron of the schools is invited to spend the afternoon in one of the school rooms, and attend the evening entertainment at the School Hall at 8 o'clock.

Sound Advice—The more angry you are over some one's aggravating act, the more firmly try not to speak a word for two hours; then say: "Oh, well! what's the difference?"

Absent pupils, take notice It is when tomorrow's burden is added to today's that the weight is more than one can possibly bear.

Some things heard at Harrisburg:—The child is the most valuable thing in all this world, because of its possibilities.

The question of education is the greatest question in America today.

The districts which take care of their children are the ones that rule the world.

School boards should provide athletic fields for the boys, tennis courts, libraries, lecture courses, and afternoon addresses for parents.

What is the educational value of sand modelling in a country of hills and valleys with all their accompaniments?

The true purpose of education is to enable the child to enjoy life, and avoid sin and crime.

The school is the first call of the citizens.

Mental power is what business men want in our children. Business courses should be extended to four years instead of two.

The schools cannot link with the homes because they must make many homes.

I never saw such good spellers as we are producing today.

We listen too much to outside criticism.

Many teachers have no aims in their work, except to draw their monthly salary. The aim in teaching depends on the material.

A child should be taught to read so that he knows what he is reading and so that he may be understood by others.

Teachers' salaries should be determined by the following elements, personality, professional enthusiasm, and scholarship, and no salary should be increased except for growth in one or more of these elements.

Let those trained for the work, arrange the course of study, and we directors uphold them.

Medical inspection in the schools is not an infringement upon parental rights.

A teacher should never have more than forty children under her care if we expect her to do good effective work. (In order to meet this condition in Charleroi we need four more school rooms just now.)

Cadet teachers were favored very strongly by the superintendents.

I believe in uniformity in the course of study. The time has come when the state ought to have some standards. It should say what is required in a Fifth grade arithmetic, for instance, and demand that every school meet that requirement.

What the schools need at present more than any other feature is an opportunity to allow the children to organize their own loyalties as a part of the serious work of the schools, to find out that mutual obedience and loyality is a law of human nature and not dependent on the mere abstract command of an older person.

Thursday and Friday
FEBRUARY 11th and 12th

Come early prepared to buy largely, for you will see the greatest bargains ever offered in Charleroi. These are all our own remnants made from our own selling during the past six months. This is an honest straightforward Remnant Sale. Some stores buy up lots of mill remnants and offer them at their regular prices. But with us we only sell remnants twice a year and then we do it right. We put them at prices that make the people come from far and near to get them.

Put aside many other things you may have to do on these two days and come to this great sale.

There will be remnants of muslin, sheeting and outing flannels, remnant of dress goods, dress ginghams and wash goods, remnants of linens, crashes and white goods, remnants of silk in great variety with enough in to make a waist. Remnants of laces and embroideries. Remnants of all our broken lines in the store from every department. Everything we have just a few of will have a remnant price that will positively close them out, for not a remnant must be left.

Remnant Day Prices on Millinery will completely clear out everything in sight. You cannot help buying, the prices are so very low

ECZEMA LODGES IN THE SKIN

Not a Blood Disease—Cured by Oil of Wintergreen Compound

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take away the itch at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription as used with D. D. D. Soap.

MEN ARE HELPLESS AS CHILDREN

When Taken Suddenly Ill—Here is a Common-Sense Safeguard.

Big, strong man is as a helpless infant when he is suddenly ill. The sturdiest chap in town usually loses his self control, and is utterly unable to regard his condition with the common sense that characterizes his every-day actions.

For example: He comes home tired, eats a heavy dinner and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then a sharp pain around his heart, and a feeling of suffocation. Thoughts of "heart disease" rush ovr him, and in his agony he fears the worst.

His trouble was acute indigestion, brought on by overloading his tired stomach.

A couple of Rexall Dyspepsia Tablets would have given him instant relief—would have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket or keep them in your room. Take one after a heavy meal, and indigestion can never bother you.

Rexall Dyspepsia Tablets cure stomach troubles by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich red blood.

We know what Rexall Dyspepsia Tablets are and what they will do.

We guarantee them to cure indigestion and dyspepsia. If they fail, we will refund your money.

Price, 25 cents per full package. Sold only at our stores or by mail. John W. Carroll, Charleroi Pa.

A Danger Avoided.

It was a wise young man who paused before he answered the widow who had asked him to guess her age. "You must have some idea about it," she said, with what was intended for an arch sideiong glance.

"I have several ideas," he admitted, with a smile. "The only trouble is that I hesitate whether to make you ten years younger on account of your looks, or ten years older on account of your brains."

Then while the widow smiled and blushed, he took a graceful but speedy leave.—Youth's Companion.

Children Should Be Models.

The kings of Persia place their children under the direction of four of the greatest men of the nation, viz., the most wise, the most just, the most temperate and the most courageous. The first teaches them religion. The second inculcates in them the strongest principles of truth and justice. From the third they learn to subdue their passions; and from the fourth they acquire a contempt of danger.

In His Right Vocation.

A prominent western author has a bright son of 16, who is in a bank, and who also writes a verse occasionally which he submits to his father for criticism. Not long ago he handed him one which was returned with the remark: "That is positively bad." The boy looked at him questioningly. "You will have to change it before it will pass," continued his father. "But I can't change it if it is bad," said the boy, with a twinkle in his eye; and the father suggested that possibly his son knew more about banking than he did about poetry.

THE CHARLEROI MAIL

Entered second class matter at Charleroi, Pa., Jan. 11, 1909, according to Act of Congress of March 3, 1879

VOL. 9. NO. 154 CHARLEROI, WASHINGTON CO., PA., WEDNESDAY, FEBRUARY 10, 1909 One Cent

BANK EXAMINER COVER AT WORK AUDITING BOOKS

The state bank examiner James M. Cover, who took charge of the Coal Centre bank when the doors were closed a few weeks is working on the books there making a thorough audit in preparation for the receiver W. E. Crow, of Uniontown who will begin his work next week. It will be probably six months before matters are in readiness for the giving out of funds to the depositors.

Mr. Cover has been working [illegible] since the doors were closed on the books and it will take sometime yet to entirely finish the auditing of them.

It is a edious work and requires very close attention. Next week when Mr. Crow appears he will begin work on the papers held by the bank and learn the value of the assets. This as well as the auditing of the books will take time.

While every depositor, it is stated, will get the full amount due them, the stockholders will be held for 60 per cent. It is possible to hold them for 100 per cent, but in this case it is in fairly good shape.

Th capital stock of the Coal Center bank was $50,000 and there were abut 60 stockholders.

CASE GOES INTO THE JURY'S HANDS

In the case of the Commonwealth vs. Charles Paroni and Ardy Karousi, heard before Judge McIlvaine, at Washington yesterday, the defendants were charged with felonious assault and battery. The trial lasted practically all of yesterday as a large number of witnesses were called. Assistant District Attorney T. H. W. Bergus conducted the case for the commonwealth and the defendants were represented by T. Templeton and A. M. Templeton respectively. The prosecution proved that [illegible] wounded.

Paroni was said to have done the shooting and Karousi alleged to have started the trouble. Attorney Templeton, for Karousi, made a motion for a severance of the cases but this motion was overruled by Judge McIlvaine, who, in his charge to the jury, instructed them to bring a verdict of not guilty for the man. Dudley Wilson was the most important witness for the commonwealth.

NEWS FROM SPEERS

Speers, Pa., Feb. 9.—A bunch of Pricedale sports took to the woods Saturday, leading two thoroughbred bull dogs, with which they intended to "have a little pastime." A colored woman, who got wise to the game notified the state police, and two of those officers galloped on to the scene capturing four of the enthusiastic sports. The fines amounted to forty-eight dollars.

NARROW ESCAPE FROM DEATH

Scenery Hill, Feb. 10.—Ten-year-old Florence Seibert, daughter of Mr. and Mrs. Isaac Seibert, was saved from probably fatal burns last night when her father wrapping a rug about the little girl smothered the flames that were speedily enveloping her.

She was badly burned on the back but it is believed the injuries will not prove serious.

About 8 o'clock Florence went up stairs to retire. While she stood before an open grate her night robe caught fire. She ran screaming to the room where her parents were seated. Seibert threw a rug about his daughter's form thereby extinguishing the flames almost instantly.

Dr. E. E. French gave the necessary attention.

BILLS OF INTEREST TO LOCAL PEOPLE

Bills introduced in the Senate at Harrisburg yesterday that are of interest to local people are the following:

Murphy, Philadelphia—Limiting 55 hours per week and 10 hours per day the time which any minors under 16 or any woman may be employed in any factory, and prohibiting minors working at night.

Hollis, Dauphin—Amending the act of May 31, 1897, relating to acquisition of water works by municipalities, by limiting the liability of a municipality on bonds issued for such water systems and making such bonds payable in 30 years.

McNichol, Philadelphia—Imposing a fine of from $100 to $1,000 upon any officer or employe of any electric or other street car company to suffer any motorman, conductor, driver or similar employe to work regularly for more than 10 hours out of each 24, and that such 10 hour labor shall be performed within 13 consecutive hours, and that necessary works over 10 hours shall be paid for at double rates.

UNDERTAKERS TO MEET AT DONORA FEB. 11

The Tri-County Funeral Directors Association will hold its regular meeting at Donora on Thursday, February 11. The association members will be the guests of Messrs. Kelly and Rabe, of Donora, who are members. The undertakers held a session in Monongahela during the Home Week celebration.

SORENESS MANIFEST IN OTHER TOWNS

The towns that are thinking of being in the Monongahela Valley league are seemingly rather angry at the prospect of Charleroi not being represented. It seems that the entire success of the league depends on whether or not Charleroi takes an interest, and from present indications there will be no Monongahela Valley league team here the coming season. The backers of the league realize the fact that Charleroi is the best baseball town in the valley above Pittsburg, and will support a winning or losing team, and it is practically for this that it desired to have them in the league.

A little of the soreness cropped out in the Monessen Independent yesterday. It says that while the baseball men of that town have nothing against Charleroi, the idea of the committee which is to canvass that town will meet with little encouragement, as the fans will support a team should one be placed in the Valley league. It also goes on to state that Monessen led the parade two years ago when the Valley organization gave up the ghost. That is certainly wrong, and careful scrutiny would show that California was the leader. At the time that Charleroi left the league, the race place was about with Monongahela third with 647 and Monessen fourth with 615. The fact of Charleroi going out of the league was the reason for the league breaking up.

THE IDEA OF TRIP IS MEETING WITH APPROVAL

The idea of the members of the Boy's Brigade to go to Washington, D. C., has thus far met with ready approval among citizens of this and other towns. The general idea is that the trip would be one that is well worth the while, and something that would be very beneficial to the boys. This morning Captain Dale Jolliffe received a letter from J. N. Moore of Millsboro, accompanied by a check for $5.00, the effect of the boy's being praised. This subscription came unsolicited, and was merely from the advertising giving the project by Mail. The letter was as follows:

Millsboro, Pa., Feb. 9, 1909.

My Dear Jolliffe:

I was a looker-on at the brigade opening at Donora and saw your bunch of bright faced intelligent looking boys and have learned that they are desirous of attending the inauguration ceremonies of our president-elect Taft. Take the boys over, it will do them good and be the trip of their lives, and as my pro rata share on expense account please find check enclosed for $5.00.

Hoping you and all the boys have a fine trip.

I am truly yours.

J. N. Moore.

OPPOSITION TO THE NEW SCHOOL CODE

Yesterday prominent educators from all parts of the State appeared at a hearing before the Education Committee of the Senate and House at Harrisburg. Objections were offered to the proposed new school code, but none of the objections were of a general character. The opposition of the code comes from such cities as Scranton and Williamsport where there are now between fifty and seventy directors, whereas by the new code there would be but nine. The school authorities of those places think it an injustice to deprive them of the number of directors. The idea is to hold up the passage of the code for two years, and thus gain more strength.

At Coyle Tonight.

The High Flyers are billed to appear at the Coyle theatre tonight. The show is said to be the "real thing." It contains a number of first rate vaudeville acts, and two burlesques entitled "Love Among the Daisies" and "The Wild West," in which is introduced besides the principals, a large and cleverly drilled chorus, who are marvels of beauty, with bewitching, gay bodies and delightful mannerisms, just the kind of girls that theatre-going public enjoy.

MEDICAL MEN URGE ACTION OF LAWMAKERS

Gathering in a regular monthly meeting yesterday afternoon at Washington the members of the Washington county Medical society unanimously passed an important resolution. It was a request to the lawmakers of Pennsylvania and of the United States representing this portion of the Keystone state to give due consideration and deliberation to the various masures being formulated bearing upon the work of medical scientists and the advancement of the healing art. The resolution went through without a single dissenting vote.

Routine work was gone through and addresses to the physicians made by several members of the society.

Following is the resolution adopted:

"Whereas, Much legislation is pending at the present session of the legislature of our state that in our opinion is of vital importance to the health and welfare of the whole people.

"Therefore, be it resolved, That we the physicians of Washington county, represented by the Washington County Medical society consisting of one hundred and twenty-two members, do hereby respectfully request that the members of the senate and house, and the members of congress and United States senators representing us, do carefully study all measures introduced that in any way affect the health and reputation of the commonwealth.

"That we especially desire our members of the house and senate, to vote for and aid in the passage of the medical practice act, as presented in the senate by Senator Herbst.

"And that all bills offered that may interfere with the efficiency of the present vaccination laws, and such measures as propose to obstruct and stop the work of medical scientists, who have done so much to protect the lives and health of the general public, we earnestly request their vote and aid in preventing."

At the Coyle Friday

"Graustark," dramatized from the novel of the same title the book that made George Barr McCutcheon famous as an author will be the attraction at the Coyle theatre, Feb. 12.

The play retains all the heart interest and thrilling incidents of the charming story, and faithfully depicts the romantic adventure of a fearless American and a Princess of royal blood. It is in five acts and bristles with dramatic sensations, with a fine vein of humor interwoven in its marvelous plot, and is vividly mounted with elaborate scenic effects and picturesque costumes.

"Graustark" leaves one with the fragrance of roses and an abiding memory of all that is beautiful. Gertrude Perry is happily cast as "Princess Yetive," and Mr. Alfred Britton interprets the role of "Greenfall Lorry" in a manner that recalls the heroic American to those who have read the book. The part of "Baron Dangloss" is in the hands of Edwin Melin, and of him the author said recently of "That man has stepped out of my book bag and baggage, he has grasped my conception of the Baron."

H. O. Tayler as "Harry Anguish" furnishes an abundance of refined comedy. W. A. Howell as "Prince Gabriel." Gladys Thorp as "Countess Dagmar" Jane Lothian as "Aunt Yvonne," and the others in whose hands various important characters are entrusted all do their share in giving threatre-goers a performance of romantic drama that send a thrill of joy to one's heart.

Baker

At her home in California last night at 11:20 o'clock, Mrs. Mary J. Baker, a well known aged lady died of a complication of diseases. She was in her 84th year. The funeral will be held on Friday morning at 10 o'clock from her home. The interment will be in the Highland cemetery at California. The deceased is survived by one daughter, Mrs. Cress Wiley of California.

Mrs. Baker was one of the best known residents of this section. For the past seventy years she has been a member of the M. E. church at California.

HOT CONTEST PROMISED FOR OFFICE OF BURGESS

The candidates for political offices in Charleroi are getting well lined up, and the contests between the various office seekers on all tickets from present indications will be most spirited. The Republican and Democratic tickets are by far the strongest, while on the Independent ticket is a strong man for the office of Burgess.

Those out for Burgess are Robert J. Whitehead, Republican; George W. [illegible] Independent. It would be hard to make a prediction as to the probable winner from the above list, as all are immensely strong men, and the race will be one of the hottest contests that Charleroi has ever witnessed.

The tax collectorship will be the scene of a good contest. On the Republican ticket is J. W. Mathias, and on the Democratic is Allen S. Mansfield, both good men for the position.

For council W. H. Calvert and Oscar Lynn are the Republican candidates and D. C. Whitlatch and [illegible]

The above are the offices where there will be the most spirited contests. The election is on February 16.

SUPERINTENDENT BANQUETS FIREMEN

Last night at the Hotel Arthur, Charleroi, William Dravo, of Belle Vernon, the superintendent of the American Window Glass factory at that place gave a banquet to the firemen for their faithful service about a week ago, when they saved the factory from destruction by their diligent efforts. The banquet was well attended and the firemen felt themselves to be greatly honored by the affair.

About a week ago a fire at the plant burst and the molten ware flew over combustible material, and there was grave danger of the whole place being destroyed. The firemen were called responding quickly and doing such good work that the fire was quenched so that there was little damage. The banquet last night was in recognizance of their efforts.

BOTH LEGS OFF MAN FOUND BY TRACKS AFTER TEN HOURS

Ike Snitko a foreigner employed with the section crew at Monongahela on the Pennsylvania Railroad, was found along the railroad tracks, near Baird this morning with both legs off below the knee, the man having been there since about 8 o'clock last night, and being conscious. The man was taken to the Memorial hospital at Monongahela and the latest news are to the effect that the man will live.

It seems that the man had been walking along the tracks last night and stepped from in front of one train, into the path of another being struck and both legs severed. The remarkable part of the account of the accident is the fact that the man laid there all night living through all the storm and cold, but yet will live.

Florist has Purchased New Wagon

Joseph Haupe the Fallowfield avenue florist has purchased a beautiful new wagon to be used in the delivery work in connection with his store. Mr. Haupe is always enterprising and alive to the best interests of his customers. The wagon resembles those of Joseph Horne of Pittsburg, being black and trimmed in gold.

MUCH INTEREST IN ASSAULT CASE

Two cases were finished up and a third started in criminal court yesterday. The jury in one case returned their verdict but court had adjourned when the other had arrived at a decision. The case which was finished up and in which the jury returned their verdict was the commonwealth vs. S. S. Bell. Much interest was manifested in the case. Bell was found guilty of assault and battery upon the person of Margaret Hunter, daughter of L. H. Hunter, a well known citizen of Claysville. The jury which was only out about 15 minutes commended the defendant to the extreme mercy of the court.

An attempt was made to make a motion for a new trial by Attorney Underwood but Judge Taylor informed the defense that he would not entertain any motion for a new trial so the motion was not made. Bell, who is an old man, was put upon the stand and admitted voluntarily that he was in their room at the time that the alleged assault took place but he declared that it was not an assault.

It was alleged that the suit was brought as a means to extort money from him. He was sentenced to pay a fine of $100 and costs of prosecution.

LOCAL MAN HONOR GUEST AT RECEPTION

Last night at Scottdale the Elks of that place gave a reception in honor of J. K. Tener, of Charleroi, the Past Grand Exalted Ruler. The occasion was one of the most noted in the history of the Scottdale lodge No. 777. The social session at which Mr. Tener was the honor guest was held following the regular meeting of the lodge. The toastmaster for the banquet was Wooda N. Carr of Uniontown.

There were several in Mr Tener's party, among them being Perry A. Shaner of Pittsburg, who was the secretary to Mr. Tener during his term as exalted ruler.

Masquerade Reception.

The tribe of Benn Hur will hold a masquerade reception on Feb. 1[illegible] Refreshments will be furnished. Admission masked 10 cents, unmasked 15 cents.

Fair Being Held.

This week there is being held a fair at the Italian Catholic church. There is nice music, and nice things to be seen there. All is free. Father La Pomo is the pastor.

All cars stop at the big Sacrifice Sale of the Jones Shoe Store, Donner avenue, Monessen. 154

Legislatures Fighting Tuberculosis.

Only [illegible] States in the United States, including the District of Columbia, have laws directly compelling the reporting and registration of [illegible] but two and these [illegible] the District of Columbia, [illegible] very much of [illegible] before [illegible] Only eight States have laws forbidding spitting in public places, and in none of these States is the law strictly enforced. Realizing the dangers form promiscuous spitting, and inability to locate tuberculosis cases without a registration law, bills are being introduced in over a dozen different Legislatures to remedy these effects.

According to a report issued by the National Association for the Study and Prevention of Tuberculosis, the reporting of tuberculosis cases is one of the first requisites in the stamping out of the disease. Until the health authorities know where those afflicted with tuberculosis reside they are powerless to remove the dangers caused by these infected persons. It is now established that tuberculosis must be classed with smallpox, diphtheria, scarlet fever, or any other infectious disease. This being the case, the report declares it is just as necessary for the public health that it be registered.

Delay of Construction

The holding back of the work on the West Newton terminus of the Pittsburg, McKeesport and Westmoreland trolley line may have more significance than at first thought. It is possible that it will mean the holding up of the construction of the entire line from West Newton to the river at Webster, and thence across the Donora Webster bridge to connect with the Pittsburg-Charleroi Railway at Eldora. It seems that the real reason for the holding back of the construction of this one mile link, is that the ordinance granting the franchise by the West Newton borough was not well enough advertised.

Electric Sparks

You don't see the newspapers discussing the bill of Representative Holland's for female suffrage nowadays. Probably the editors is afraid they may say something to get the woman after them.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

SCHOOL NOTES

Tidbits of News from the Seat of Learning in Charleroi---Edited by Superintendent of Schools, W. D. Wright.

The fifth month ended on February 8 with a total enrollment of 1850 children, a monthly enrollment of 1720, and an averge for the term of 1560. 11 cases of corporal punishment were reported. 64 visits by patrons. 170 by the principals, and 52 by the superintendent.

The celebration of Lincoln's birthday promises to be an event of unusual interest. The children are working hard to excell in this attempt to honor one of our greatest men. Every patron of the schools is invited to spend the afternoon in one of the school rooms, and attend the evening entertainment at the School Hall at 8 o'clock.

Sound Advice—The more angry you are over some one's aggravating act, the more firmly try not to speak a word for two hours; then say: "Oh, well! what's the difference?"

Absent pupils, take notice—It is when tomorrow's burden is added to today's that the weight is more than one can possibly bear.

Some things learn at Harrisburg:—The child is the most valuable thing in all this world, because of its possibilities.

The question of education is the greatest question in America today.

The districts which take care of their children are the ones that rule the world.

School boards should provide athletic fields for the boys, tennis courts, libraries, lecture courses, and afternoon addresses for parents.

What is the educational value of sand modelling in a country of hills and valleys with all their accompaniments?

The true purpose of education is to enable the child to enjoy life, and avoid sin and crime.

The school is the first call of the citizens.

Mental power is what business men want in our children. Business courses should be extended to four years instead of two.

The schools cannot link with the homes because they must make many homes.

I never saw such good spellers as we are producing today.

We listen too much to outside criticism.

Many teachers have no aims in their work, except to draw their monthly salary. The aim in teaching depends on the material.

A child should be taught to read so that he knows what he is reading and so that he may be understood by others.

Teachers' salaries should be determined by the following elements; personality, professional enthusiasm, and scholarship; and no salary should be increased except for growth in one or more of these elements.

Let those trained for the work, arrange the course of study, and we directors uphold them.

Medical inspection in the schools is not an infringement upon parental rights.

A teacher should never have more than forty children under her care if we expect her to do good effective work. (In order to meet this condition in Charleroi we need four more school rooms just now.)

Cadet teachers were favored very strongly by the superintendents.

I believe in uniformity in the course of study. The time has come when the state ought to have some standards. It should say what is required in a Fifth grade arithmetic, for instance, and demand that every child meet that requirement.

What the schools need at present more than any other feature is opportunity to allow the children organize their own loyalties as a part of the serious work of the school. To find out that mutual obedience and loyality is a law of human nature not dependent on the mere absolute command of an older person.

Thursday and Friday
FEBRUARY 11th and 12th

Come early prepared to buy largely, for you will see the greatest bargains ever offered in Charleroi. These are all our own remnants made from our own selling during the past six months. This is an honest straightforward Remnant Sale. Some stores buy up lots of mill remnants and offer them at their regular prices. But with us we only sell remnants twice a year and then we do it right. We put them at prices that make the people come from far and near to get them.

Put aside many other things you may have to do on these two days and come to this great sale.

There will be remnants of muslin, sheeting and outing flannels, remnant of dress goods, dress ginghams and wash goods, remnants of linens, crashes and white goods, remnants of silk in great variety with enough in to make a waist. Remnants of laces and embroideries. Remnants of all our broken lines in the store from every department. Everything we have just a few of will have a remnant price that will positively close them out, for not a remnant must be left.

Remnant Day Prices on Millinery will completely clear out everything in sight. You cannot help buying, the prices are so very low

ECZEMA LODGES IN THE SKIN

Not a Blood Disease—Cured by Oil of Wintergreen Compound

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take away the itch at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription as used with D. D. D. Soap.

MEN ARE HELPLESS AS CHILDREN

When Taken Suddenly Ill—Here is a Common-Sense Safeguard.

Big, strong man is as a helpless infant when he is suddenly ill. The sturdiest chap in town usually loses his self control, and is utterly unable to regard his condition with the common sense that characterizes his every-day actions.

For example: He comes home tired, eats a heavy dinner and sits down to read and smoke away a quiet evening.

Suddenly he notices a weight on his stomach; then a sharp pain around his heart, and a feeling of suffocation. Thoughts of "heart disease" rush ovr him, and in his agony he fears the worst.

His trouble was acute indigestion, brought on by overloading his tired stomach.

A couple of Rexall Dyspepsia Tablets would have given him instant relief— would have saved him hours of suffering.

Carry a package of Rexall Dyspepsia Tablets in your vest pocket or keep them in your room. Take one after a heavy meal, and indigestion can never bother you

Rexall Dyspepsia Tablets cure stomach troubles by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich red blood.

We know what Rexall Dyspepsia Tablets are and what they will do.

We guarantee them to cure indigestion and dyspepsia. If they fail, we will refund your money.

Price, 25 cents per full package. Sold only at our stores or by mail. John W. Carroll, Charleroi Pa.

A Danger Avoided.

It was a wise young man who paused before he answered the widow who had asked him to guess her age. "You must have some idea about it," she said, with what was intended for an arch sideiong glance.

"I have several ideas," he admitted, with a smile. "The only trouble is that I hesitate whether to make you ten years younger on account of your looks, or ten years older on account of your brains."

Then while the widow smiled and blushed, he took a graceful but speedy leave.—Youth's Companion.

Children Should Be Models.

The kings of Persia place their children under the direction of four of the greatest men of the nation, viz., the most wise, the most just, the most temperate and the most courageous. The first teaches them religion. The second inculcates in them the strongest principles of truth and justice. From the third they learn to subdue their passions; and from the fourth they acquire a contempt of danger.

In His Right Vocation.

A prominent western author has a bright son of 16, who is in a bank, and who also writes a verse occasionally which he submits to his father for criticism. Not long ago he handed him one which was returned with the remark: "That is positively bad." The boy looked at him questioningly. "You will have to change it before it will pass," continued his father. "But I can't change it if it is bad," said the boy, with a twinkle in his eye; and the father suggested that possibly his son knew more about banking than he did about poetry.
